

# WELCOME TO SPANISH 1A, 2019/20.

¡¡Hola!! Bienvenidos a la clase de Español!!

I feel very excited to show you how beautiful the Hispanic traditions and language are. I am pretty sure you are going to love the different activities that I have planned for our classes and you will be able to learn all the basics and continue progressing your learning in the next levels.

The curriculum for Spanish 1 is organized in four semesters (2 for Sp 1A and 2 for Sp 1B), so you will have to pass those 4 semesters to be able to get one language credit for High School. The course is fast paced, and you will be required to complete a variety of activities and projects.

I have included the link for the COURSE CONTENT Realidades 1. In this course will be covering **until Unit 4B** which is the curriculum for this level Spanish1 part A.

I also want to include here the link for having access to **extra practice** for **Level 1A**.
